Knew What He Wanted to Say.

My little nephew is trying hard to be polite, but sometimes he gets things twisted. One day, as I turned around rather suddenly, I accidentally gave him quite a bump with my elbow right in his eye.

"Oh, excuse me, dear!" I exclaimed contritely.

"You're welcome," he answered amid his sobs.—Chicago Tribune.

OUR DEFENSE

In the spring we may be attacked at any moment. Toxic poisons pile up within us after a hard winter, and we feel "run-down," tired out, blue and discouraged. This is the time to put our house in order—cleanse the system and put fresh blood into our arteries. You can obtain an alternative extract from Blood root, Golden Seal, Stone and Queen's root, Cherry bark, rolled into a sugar-coated tablet and sold by most druggists, in sixty cent vials, as Dr. Pierce's Golden Medical Discovery. This blood tonic, in tablet or liquid form, is just what you need for "Spring Fever," for that lack of ambition. It will fill you full of vim, vigor and vitality.

Chilliness, when other people feel warm enough, is a sign of biliousness, or of malarial poisons—so is a furred or coated tongue, loss of appetite, head aches or giddiness, and a dull, drowsy, debilitated feeling. It's your liver that's at fault. You want to stimulate it and invigorate it with Dr. Pierce's Pleasant Pellets. With every trouble of the kind, these tiny little things act like a miracle. You can break up sudden attacks of Colds, Fevers and Inflamations, with them. They'll give you permanent benefit for Indigestion, Constipation, Stomach, Sick Headache, and Dizziness. They are small and pleasant to take, and the most thoroughly natural remedy. Twenty-five cents at most drug stores.

Nashville.—Need of man power is now being felt in Nashville. The commercial club has inaugurated a movement to secure the return to Nashville of those who have left the City of Opportunity the past three years. Like many cities that had no war industries, Nashville suffered from the war until the first of the year, and the high wages paid in certain other cities caused many men to leave this city. Now that the government powder mills—the biggest single war industry in the country, if not in the whole world—are being built here, Nashville is in need of thousands of men.

Chattanooga.—The "detached trigger fingers" of the right hand of Recor Phillips of Rhea county will be placed in evidence against him before the federal grand jury here when the young man appears to answer for an alleged attempt to escape the army draft. The fingers came to the clerk's office in an unsealed envelope. Young Phillips is said to have been married only a short time when called to register and that he amputated his fingers to escape service.

Nashville.—At the request of the circuit judge and sheriff of Franklin county, accompanied by a petition signed by many citizens of the county, Gov. Rye has offered a reward of \$500 for the apprehension and conviction of any person or persons who took part in the lynching of the negro Jim McIlherron at Estill Springs.

Knoxville.—Work on 1,400 miles of new road in Tennessee will begin as soon as Secretary of Agriculture Houston signs his consent to construct the roads as outlined by the Tennessee highway commission, according to Dean Charles E. Ferris, member of the commission.

Clarksville.—The Middle Tennessee Baptist Sunday school convention was held here.

Knoxville.—An investigation of records of the Knoxville class of international Bible students is being made by federal authorities following the seizure of books entitled "The Finished Mystery" in the possession of members. District Attorney Kennerly says that the book has been used by the class in connection with the study of the bible. He says that the book contains no sedition utterances, but that the statements which are considered condemning to patriotism are "cleverly woven" into the book.

Camden.—Reports coming from the northern part of Benton county are to the effect that lightning fired two residences in the Teat Woods community.

Something Coming His Way.

Two elderly gentlemen, both decently clothed in sober black, were sitting side by side in a motorbus. Each was reading a morning paper. Suddenly one of the men uttered an exclamation of pleasure and the other peered at him over his spectacles.

"I see here," explained the first, with a beaming face, "that Mr. Grevson, who died last week, has left his entire fortune to various charitable enterprises. This will be a surprise to his many relatives. It is to me—a glad surprise, in my case, for I am the minister of a church to which he has left \$2,000."

The other man looked at the newspaper and his face, too, became wreathed in smiles.

"Bless him!" he exclaimed heartily. "All to charitable institutions, in spite of his relatives! Ah, sir, I like to see money left like that—I do, indeed!"

"Are you also a minister?"

"No, sir; I am a lawyer."

Parable.

Autocracy and his pal, Militarism, had been away on a long fishing trip, and were returning home.

"Where are the fish?" asked Herr Deutschland, who had remained at home cutting bait and renewing the fishing outfit at intervals.

"They got away," said Autocracy and Militarism.

"Frau!," said Herr Deutschland, "fetch me the axe, the double-bladed one."
